<p>TAG Priorities / Objectives</p> <p>The discussion revealed a shared appreciation for Waterlow Park as a vital community space that promotes well-being and a connection to nature.</p> <p>The group discussed the need for clear guiding principles.</p> <p>LS said it would be helpful to defining what the park should be about, could be about (but not as a priority), and should never be about.</p> <p>Challenges include balancing different needs without trying to make the park "all things to all people". Preservation cannot stifle innovation. Ways to make the park more inclusive and financially sustainable should be sought. Maintaining the core essence of tranquility and natural beauty is vital.</p> <p>Focus areas might be on tranquility, safety, and biodiversity.</p>	<p>IH to review 'strategy' documents and update renaming it 'objectives and priorities'</p>
